V. Dr. Freeman addressed the Board concerning Quad 3's layout of floor plans, especially that of the Rock L. Butler Middle School. She advised that an email would be sent to all board members with a layout of the buildings prepared by Quad 3 (Sam Scarantino).

VI. Graduation Requirements – Dr. Freeman reviewed Policy #217 – Graduation Requirements. She advised the Board that she would like to have a Volunteers policy adopted within the next month. The Programs & Policy Committee will consider it.

VII. Security/Resource Officer – Dr. Freeman advised the Board that there is a possibility that the Boro Police could possibly have a police officer in the school buildings 4 hours per day. Because of the specialized training that is necessary, we could possibly have this officer in the buildings in the next school year. The officer would be having lunch with the students, sitting in hallways, etc. This has received a positive response from the public. Chief Bodine has to get the Borough Council to sanction it. He feels he has enough manpower available to put an officer in the schools 4 hours as a community function. Board Member Kacy Hagan questioned about the cost of this after a couple of years when the Police Force did not have the manpower to provide such an officer.

VIII. Dr. Freeman reviewed the Joint Resolution Urging the General Assembly to Adequately Invest in public Schools and Students. She was directed to have it on the Board Agenda.

IX. Mike Pietropola presented to the Board, two text books for adoption by the Board – Foundations of Restaurant Management and Culinary Level 1 and 2. The books cost \$98 per book which has been already budgeted. He said that they plan to purchase approximately 20 books. There is a cost of \$300 for a teacher's kit.
