Linda,

It is with mixed emotions that I submit this letter of resignation to the Wellsboro Area School District. I am resigning from my position as Special Education Instructional Aide in order to pursue opportunities that will assist me in obtaining a full time teaching position. I hope to still fill an active role within WASD as a substitute teacher with Source for Teachers.

Please know that I have enjoyed my six years of employment with the district and have an enormous respect for the many individuals that I have worked with during the course of my employment. I will miss being part of our district family, but hope that I will ultimately rejoin in a teaching capacity.

Thank you for your support and the opportunity to serve the Wellsboro community.

Sincerely,

Carla Tardieu
