

To Dr. Freeman, Mr. Rendos, Mr. Pietropola and the members of the board,

I write you this letter to announce that I am resigning my coaching position and stepping away from the boys soccer team to pursue an opportunity to coach the women's team at Mansfield University as the interim head coach this fall. This is a dream opportunity for me to experience college coaching while still being able to teach the students of Wellsboro Area. I want to thank everyone for his or her tremendous support both personally and for the team, it meant so much. The program was able to be successful because of the support we received.

I also ask that I be named a volunteer for boy's soccer team for this school year. I will be finishing out the equipment orders as they arrive and also would like to be able to help the program in any way I can this fall.

Once again, thank you so much for all your support. I look forward to bringing back the knowledge and experience I gain at Mansfield to help the student athletes at Wellsboro in the future.

Sincerely,

John Shaffer
