I would like to give notice of my resignation. November 8th will be my last day. A couple of factors are playing in my decision. Our family has a new work schedule that makes me the only adult at home, Taylor's education and seizure activity, and personal medical issues.

I have enjoyed my time with the Wellsboro school district. I have made many friends and learned different teaching techniques from the experienced teachers that I have worked with. Thank you for employing me.

Thank you,

Alesha Pritchard
