

NTIEC

NORTHERN TIER INDUSTRY AND EDUCATION CONSORTIUM

October 16, 2018

Dr. Brenda Freeman, Superintendent
Wellsboro Area School District
227 Nichols Street
Wellsboro, PA 16901

Reference: NTIEC's Service Agreement for 2018/2019 & 2019/2020 School Years

Dear Dr. Freeman,

As you may know, NTIEC just recently transitioned Executive Directors and in doing so NTIEC's service agreements have been delayed and we apologize for just sending it now.

This is to confirm our agreement for Don Abplanalp to provide Career Education Services to Wellsboro Area School District for the 2018/2019 and 2019/2020 school years. It is anticipated that students will be placed in our Youth Apprenticeship Program which includes a work-based learning experience.

Don will work with students and guidance staff to find the best employer match for their placement. He will also work with employers to outline individual training plans and assign workplace mentors. Don will make periodic site visits to ensure a quality experience, address student or employer issues and help with grading student performance.

The total number of students may vary during the year and students who leave or enter the program will be counted for the fraction of the year they are enrolled to the nearest quarter. Pricing per student is per the attached schedule and has significant discounts for enrollments beyond 8 students per school. Please note, this fee schedule will remain constant for the 2019/2020 school year and will not change.

NTIEC is pleased to partner with your school to provide a quality work-based learning experience for students. If you have any questions or suggestions, please let us know.

Sincerely,

A handwritten signature in blue ink that reads 'Shealynn Shave'.

Shealynn Shave
