KNOW THE CODE – Skier/Snowboarder Safety:

“Your Responsibility Code” was established in 1966 by the National Ski Areas Association as a code of ethics for all skiers & riders on the mountain. Ultimately safe skiing and snowboarding on the mountain is each person’s responsibility. Following “Your Responsibility Code” will help all skiers and snowboarders have a safer mountain experience.

Your Responsibility Code

Always stay in control, and be able to stop or avoid other people or objects. Part of your responsibility, as a skier/snowboarder is to be in control at all times on the slopes. Be aware of your speed and the speed of those around you to maintain safe skiing on the slopes.

People ahead you have the right of way. It is your responsibility to avoid them. When approaching other skiers and snowboarders on the slopes, remain a clear distance from them when passing. Watch for skiers making quick turns to the right and left in front of you. Keep distance from the skier or snowboarder in front of you to allow for enough room to stop or swerve if they make a sudden turn or stop.

You must not stop where you obstruct a trail, or are not visible from above. If you need to take a rest or wait for friends on the slopes, select a spot on the trail where you can be clearly seen by someone approaching from above. Do not stop in the middle of a trail—move to the side.

Whenever starting downhill or merging into a trail look uphill and yield to others. Keep an eye out for skiers up the hill as you enter a trail. It is your responsibility to make sure the trail is clear before entering or beginning again.

Always use devices to help prevent runaway equipment. Safety straps and ski stops are required to make sure a lost ski or snowboard does not injure another skier.

Observe all posted signs and warnings. Keep off closed trails and out of all closed areas. Obey the closed trail signs. Trails are closed due to avalanche danger, unstable conditions or exposed rocks and terrain.

Prior to using any lift, you must have knowledge and the ability to load, ride and unload safely. Stay within your ability and board lifts carefully and safely. Ask lift operators for help if unsure about loading and unloading procedures.

I, THE ABOVE NAMED STUDENT, understand that Ski club is a school-sponsored event with faculty advisors (and possibly an PTSA coordinator). All applicable school policies outlined in the high school student handbook will be in effect. (Please refer to the Student Handbook for specific information regarding school-sponsored events.) The teacher/ advisors and teacher appointed chaperones are the school district representatives who have the authority to enforce school policies as they relate to school sponsored trips. Please refer to the student handbook for specific information regarding appropriate behavior and consequences. A student not permitted on the ski trip(s) due to disciplinary action within the school will not get a refund. A student who violates school rules during a ski club trip may lose their lift ticket, face school discipline and could forfeit their privilege to attend future ski club functions for the duration of their school experience. As a student enrolled at Wellsboro Area High School I fully understand that skiing / snowboarding is a dangerous sport. I fully understand that all school policies are applicable on Ski Club trips as well as additional Ski Club rules. I hereby agree to follow all applicable school policies and Ski Club rules or face the administrative consequences. *

By signing on the line below with your full name, you acknowledge yourself as the above named student and agree to follow the statement above.
