

February 25, 2020

Dear Ed,

Coaching the Wellsboro Lady Hornets, the last two seasons has been a challenging and fulfilling experience. I will always have fond memories of the teams and players from last two years.

I will not be returning next season to coach. It has not been an easy decision. I love basketball and coaching. However, I feel this group of girls needs a different coach. I spend a lot of time in season and out of season developing the players. The commitment level with the returning players is different than my commitment level. I do not have the majority of the players and parents on board with my coaching style. A new coach will benefit this group of girls. I will always support the girls and help in any way. I will miss coaching but I look forward to spending more time with my family.

Sincerely,

*Maureen D. Paine*
