Mr. Rendos,

After reflecting on the recent Varsity Baseball Coach decision, I have decided to resign from my position as Junior High Baseball Coach with Wellsboro Area School District.

I have enjoyed coaching baseball for the past 12 years, developing effective off season throwing programs, weight programs and providing extra opportunities for players to continue their progress into July. The results of this system resulted in our Junior High team losing only three games over the past two years!

While I have been committed to my role as coach, spending over 5 months each year assisting in player development, my aspirations and the athletic departments direction for the program do not appear to align.

Thank you for the support over the years. I wish the program continued success moving forward.

Sincerely,

Shane Mascho
