INDEPENDENT STUDY PROPOSAL Physics Extension

Student: Emily Morris
Teacher: Mr. Andy Borzok
Semester: Fall/Spring 2023

The **PURPOSE** of this independent study is to provide the student with an opportunity to engage in more advanced study in the field of physics. The student will build upon their current physics knowledge and work on more advanced problem solving and laboratory skills.

ASSESSMENT will be accomplished through weekly checks that document the student's progress towards the completion of their competition requirements.

If the student does not attend scheduled meetings, does not complete assignments, or if he/she demonstrates a poor attitude or a lack of effort, he/she will lose points and may also lose the privilege of having an independent study.

The **GRADING SCALE** for this class will be **PASS/FAIL**

If the student successfully completes this independent study, he/she will receive 1 elective **CREDIT** (full year course).

The **MEETING TIME** for this independent study will be during a class period that fits into each student's schedule.
