She also provided the board with the incoming numbers for the freshman class. She noted that throughout the budget process the board would need to look at all programs.  - b) Course Proposal – Recent US History

IV. New business

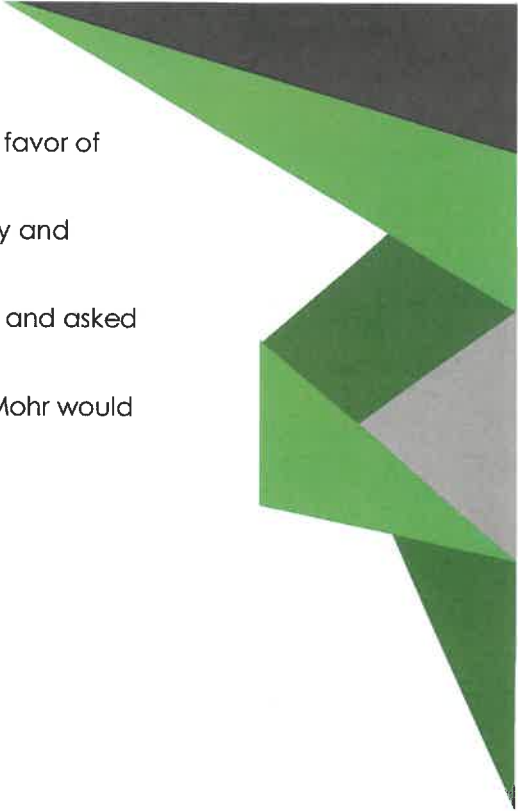

- a) Flexible Instruction Days
 - i) The administration spoke out in opposition to using flexible instruction days due to several issues including but not limited to: access to the internet for all students, attendance issues, student participation, and the fairness to our students who need one-on-one help through in person education.
 - ii) Mrs. Huck reminded the board the state still wants school districts to build in snow make up days.
 - iii) Mrs. McConnell wondered if a more formal FID Day would be helpful in which students are required to be in virtual classrooms and teachers would have live sessions through Zoom or Google Meets.
 - iv) Mr. Gastrock commented that he would like to see the district move away from FID days.

V. Other Business:

- a) Mrs. West asked if schedules could be handed out to the WHS departments for feedback. She questioned how the odd/even rotation in the schedule was selected.
